

COVID - Program for Slavery

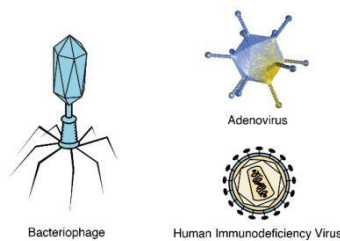

A website compiled by John Wilson, the author of “Jackals for Slavery and how to defeat them”.

What is COVID?

From 2019, there came upon the world scene a freakish and novel virus - which is, like all viruses, very much tinier than bacteria. Viruses are so small they pass through paper masks like a boat going through Sydney Heads. This virus is said to have originated from some research institute in Wuhan, China, and set out to blanket the world exponentially by cruise ships and casual conversation. There are apparently 3 types of viruses, ie: Bacteriophage, Adenovirus, and Human Immunodeficiency Virus. The last of which is the corona virus with the spike proteins enveloping it.

Types of viruses

The H.I.V. one is the A.I.D.S. one, ie: the Auto Immune Deficiency Syndrome one.

What is Slavery?

In my book, I have said that ***“A slave has no right of consent; no right to property; and no right to trial by jury”*** but, fundamentally, to be a slave is not to be free.

Perhaps a copy and paste from the Australian Human Rights Commissions, ie: <https://humanrights.gov.au/our-work/publications/human-rights-brief-no-4> , would be helpful and goes:-

“Many fundamental freedoms are guaranteed by international human rights law. They include the freedoms of expression, movement and choice of residence, peaceful assembly and association, and the freedom to manifest one's religion or belief. All human rights and fundamental freedoms are subject to the general rule that no-one has the right to 'engage in any activity or perform any act aimed at the destruction of any of the rights and freedoms' recognised elsewhere.(1)” and “6. Nowak, note 2, page 209. Interpretations of equivalent provisions of the European Convention of Human Rights elaborate that any restriction on a person's rights must have a legal basis and a law which imposes such a limitation must be a law that is adequately accessible, so that the citizen has an indication of the circumstances of the legal rules applicable to a given case. Further, any law must be formulated with sufficient precision to enable the citizen to regulate his or her conduct. He or she must be able to foresee, to a degree that is reasonable in the circumstances, the consequences that a given action may entail: Sunday Times Case (1979-1980) 2 EHRR 245, paragraph 4.”

Plus we must feature the Nuremberg Code, itself, especially when it comes to the so-called “COVID Vaccines”. It goes:-

“The voluntary consent of the human subject is absolutely essential. This means that the person involved should have legal capacity to give consent; should be so situated as to be able to exercise free power of choice, without the intervention of any element of force, fraud, deceit, duress, overreaching, or other ulterior form of constraint or coercion; and should have sufficient knowledge and comprehension of the elements of the subject matter involved as to enable him to make an understanding and enlightened decision.”

I have maintained, going back to the 1990s, that ***“Australia is a nation of slaves ruled by thieves (the banks) and traitors (the judges)”***. So we have always been a prime target for the New World Order/One World Government fiends to implement their agenda/program/skulduggery and see if they can get away with it. It all depends on whether the ***“good men”*** will ***“do nothing”*** for ***“evil to triumph”***, as Edmund Burke famously said.

How is COVID a Program for Slavery?

Coercion. Intimidation. Weaponry. Corridors of Power. Subjugation. Megatrillions. Crimes Against Humanity. Fraud. Lies. Joseph Goebbels. Vaccine Passports. Masks. Lock-downs. Capsicum Sprays. Fines and Forfeitures. 1984.

Slavery has many faces. The COVID Manifesto has so many ingredients... where does one start? Just simply look around.

The COVID Vaccine is NOT a Vaccine:

What is a vaccine? “A **vaccine** is a biological preparation that provides active acquired immunity to a particular infectious disease. A vaccine typically contains an agent that resembles a disease-causing micro-organism and is often made from weakened or killed forms of the microbe, its toxins, or one of its surface proteins. The agent stimulates the body's immune system to recognize the agent as a threat, destroy it, and to further recognize and destroy any of the micro-organisms associated with that agent that it may encounter in the future.” (Wikipedia)

The COVID Vaccine is a synthetically manufactured molecule of messenger ribonucleic acid, mRNA, which is read by a ribosome within the human cell to synthesize a spike protein (similar to the spike proteins that encapsulate the COVID-19 virus) which stimulates the production of an antibody to the spike proteins of the virus if the virus should infect the person. Whether the virus should happen to infect the person or not, the COVID Vaccine's mRNA nonetheless causes the person's body to produce the spike proteins which, themselves, cause side-effects in varying degrees of severity ranging from chest pain to death. These are known as “Adverse Events” .

To be a vaccine, it has to provide immunity to the disease and the COVID Vaccines do not. The COVID Vaccines are a cynical, sinister, ruthless, inhuman lie that are killing and crippling millions.

Genetically Engineering Humanity:

Here is an excellent short video that was put onto Telegram and “Forwarded from AFL Solicitors (Actus Legis)” with a male adult and female child actor. This is what they said:

Julie: *Five and a half.*

Him: *Oh, that’s good because the FDA said anybody five years and older can get this shot. Thank you for being so good and keeping your family and friends safe and, for doing your part, you will get this beautiful balloon as a treat. What do you think about that?*

Julie: *I like that.*

Him: *It is a pretty nice balloon, eh? First, I need to explain a few things to get your informed consent. Is that okay?*

Julie: *Yes.*

Him: *Great. First, this treatment is an experimental gene therapy which contains formaldehyde, mercury, abortive foetal tissue and synthetic mRNA. It has never been tried in human beings before. Is that okay with you?*

Julie: *Yes.*

Him: *Next, I need to inform you that there are possible side-effects. These side-effects, Julie, include heart attacks, stroke, blindness, anaphylaxis, miscarriage, convulsions, seizures, transverse myelitis, and blood clots. Is that okay? Do you understand?*

Julie: Yes.

Him: *I also need to inform you that there injections do not prevent infection or transmission and they can only reduce symptoms. Do you understand?*

Julie: Yes.

Him: *Great. Finally, you need to know that the software that is being installed into your body induces a long-standing antibody response which actually competes with your natural immune system and makes you more vulnerable to diseases. This change is permanent, Julie. Do you understand?*

Julie: Yes.

Him: *Three. So, now that I have your informed consent, here is the balloon, as promised. We are ready to help you saves lives with this injection. I have to let you know that the FDA has not approved this injection and that the manufacturers are not liable if you become sick or ill from this injection. Do you understand?*

Julie: Yes.

Him: *Here we go.*

[Julie puts forward the balloon and the needle punctures the balloon. Julie screams in delight and then laughs with a smile.]

Julie: *I win! I win!*

[Julie takes a piece of the burst balloon and stretches it over her eyes and forehead.]

A final notice appears on the screen saying:

**“The Covid-19 Survival Rate
For Children Julie’s age is
99.997%”**

“The Drive for World Control”:

“The Drive for World Control” was a VHS video tape written and produced by the late Jeremy Lee back in about 1990 but he had been campaigning on that issue for many years before that. He was an elegant, intelligent and charming man and deserves to be right up there with the best and fairest in Australian history.

Australians have always been laconic/“She’ll be right, mate” characters and the living was easy. But times have changed and “there’s movement at the station”. The harsh reality of our “enemies both foreign and domestic” is in full gallop.

Slavery, that has always been a part of the world with its tyrants and revolutions, is starting to trample its great clod-hoppers all over us and we’d better do something make that “a lot”... about it! Or, there will be Hell to pay. We will pay with the lives of our children.

The War Against Humanity now has its most deadly weapon and it is being injected into us. Human Immunodeficiency Vaccines. Destroying our God-given temples. Destroying our defences from within.

Poisons, themselves, are bad enough. But destroying our body's ability to neutralize the toxins is total annihilation. Gene Therapy? Genetic Modification? Making our bodies produce poisons against ourselves? That is the ultimate war stratagem only the most evil entity could come up with. Who else but the Father of Lies, himself?

How can we survive ...let alone win?

Don't let the Beast make his puncture mark!

The **Nuremberg Code** was formulated following the medical atrocities by Hitler's lacking-in-empathy/"I was just following orders" goons. It's worth repeating and repeating and repeating:

“The voluntary consent of the human subject is absolutely essential. This means that the person involved should have legal capacity to give consent; should be so situated as to be able to exercise free power of choice, without the intervention of any element of force, fraud, deceit, duress, overreaching, or other ulterior form of constraint or coercion; and should have sufficient knowledge and comprehension of the elements of the subject matter involved as to enable him to make an understanding and enlightened decision.”

We have heaps of “I believe what the government tells me” and “If you want to have your job/play your tennis/receive medical treatment you've got to show me your papers” fools and bullies. These must be brought to Justice with our honest-to-God, “Two Cheers for Democracy”(E.M. Forster) rock.... trial by jury. It's the only civilized way. Poor bastards.

The Great Barrington Declaration:

It is good to see many medical practitioners are now getting their act together ... such as evidence by a Conference held in Rome in September 2021. I believe the numbers of signatories have gone beyond 60,000 and rising. Here is my doc on the subject:

COVID Rome September 2021:

A global summit of medical scientists and physicians met in Rome in September to discuss the COVID 'vaccine' crisis. 10,000 subsequently

signed the Rome Declaration, in which they reaffirmed the Hippocratic Oath to 'do no harm', and to demand immediate cessation of the mRNA experimental 'vaccine' technology. 60,000 have now signed **The Great Barrington Declaration.**

The Great Barrington Declaration:

The text of the Declaration reads as follows:

WE, THE PHYSICIANS OF THE WORLD, united and loyal to the Hippocratic Oath, recognizing the imminent threat to humanity brought forth by current Covid-19 policies, are compelled to declare the following:

WHEREAS, after 20 months of research, millions of patients treated, hundreds of clinical trials performed and scientific data shared, we have demonstrated and documented our success and understanding in combating COVID-19;

WHEREAS, in considering the risks vs. benefits of major policy decisions, thousands of physicians and medical scientists worldwide have reached consensus on three foundational principles;

NOW THEREFORE, IT IS:

RESOLVED, THAT HEALTHY CHILDREN SHALL NOT BE SUBJECT TO FORCED VACCINATION

Negligible clinical risks from SARS-CoV-2 infection exist for healthy children under eighteen.

Long term safety of the current COVID vaccines in children cannot be determined prior to instituting such policies. Without high-powered, reproducible, long term safety data, risks to the long-term health status of children remain too high to support use in healthy children.

Children risk severe, adverse events from receiving the vaccine. Permanent physical damage to the brain, heart, immune and reproductive system associated with SARS-CoV-2 spike protein-based genetic vaccines has been demonstrated in children.

Healthy, unvaccinated children are critical to achieving herd immunity. Natural immunity is proven to tolerate infection, benefiting community protection while there is insufficient data to assess whether Covid vaccines assist herd immunity.

RESOLVED, THAT NATURALLY IMMUNE PERSONS RECOVERED FROM SARS-CoV-2 SHALL NOT BE SUBJECT TO ANY RESTRICTIONS OR VACCINE MANDATES

Natural immunity is the most protective, and longest-lasting solution against the development of COVID-19 disease and its more serious outcomes.

Naturally immune persons are at the lowest risk of transmission, thus should not be subject to travel, professional, medical or social restrictions.

Natural immunity provides the best source of herd immunity, a condition necessary for eradicating the Covid virus.

RESOLVED, THAT ALL HEALTH AGENCIES AND INSTITUTIONS SHALL CEASE INTERFERING WITH PHYSICIANS TREATING INDIVIDUAL PATIENTS

Early intervention with numerous, available agents has proven to be safe and effective, and has saved hundreds of thousands of lives.

No medicine already given regulatory approval shall be restricted from “off-label” use, particularly during this global humanitarian crisis caused by a rapidly mutating virus, which requires quick to adopt treatment strategies.

Health agencies shall be prohibited from interfering with physicians prescribing evidence-based treatments they deem necessary, and insurance companies must cease blocking payments for life-saving medicine prescribed by doctors.

RECOMMENDED LEGISLATIVE OR EXECUTIVE ACTION:

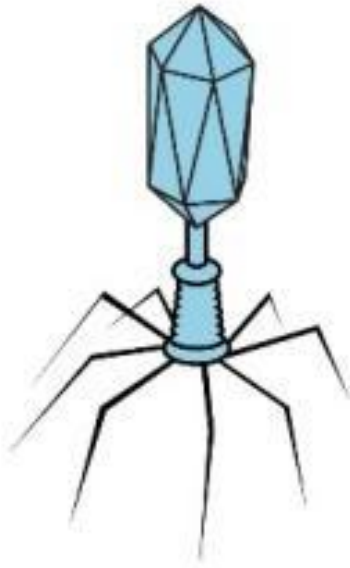

We believe that violating any of these three principles unnecessarily and directly risks death to our citizens. We hereby recommend the leaders of states, provinces and nations legislate or take executive action to prohibit the three practices described above.

IN WITNESS WHEREOF, the undersigned has signed this Declaration:

10,000 Scientists signed .

P. S.: This website is intended to contribute to the just cause of “*the Pursuit of Happyness*” - which is how Thomas Jefferson summed up the ultimate question“What’s it all about, Alfie?”.

Types of viruses

Bacteriophage

Adenovirus

Human Immunodeficiency Virus
