

The
MILLENNIAL EDEN
campaign

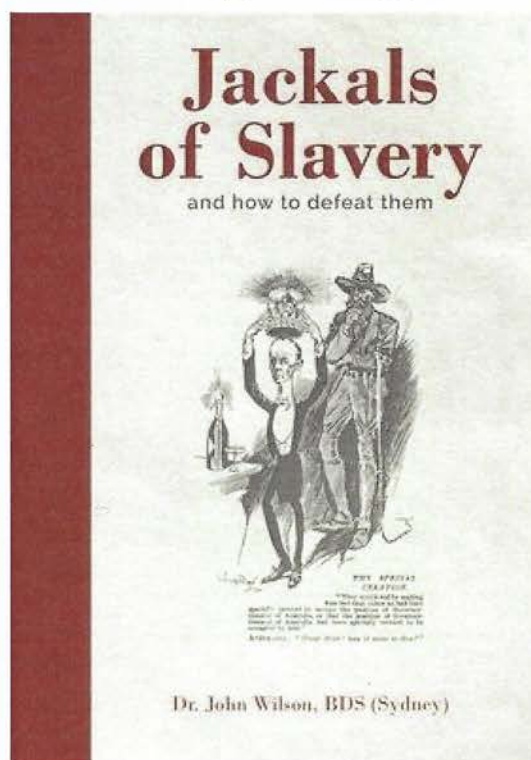

FEDERATION PAVILION in Sydney's Centennial Park
with the inscription of
“MAMMON OR MILLENNIAL EDEN”.

We the People must demand a
CONSTITUTION for the COMMONWEALTH
of AUSTRALIA which was not done in 1901!

The
MILLENNIAL EDEN
campaign:

On 1st January 1901, Australia was Proclaimed a COMMONWEALTH, wherein the People have sovereignty and own the land, and no longer colonies of the British Empire under its MONARCHY wherein *a king or queen has sovereignty and owns the land*. The cover of my book, "Jackals of Slavery and how to defeat them", depicts a 1901 political cartoon showing Lord John Hopetoun assuming the power relinquished by the Proclamation by putting the Crown on his own head while the ghostly image of an Australian stockman quietly ponders, "*Great Scott! has it come to this?*".

The Proclamation was performed in Sydney's Centennial Park with all the British military pomp and ceremony and attended by some 60,000 people. In 1988, a new Federation Pavilion was erected on the same site with the words "MAMMON OR MILLENIAL EDEN" from the 1901 Bernard O'Dowd poem "Australia". This was at the suggestion of Professor Manning Clark. Having had over a century of the "MAMMON", we must now right all those wrongs and become a true COMMONWEATH ... a veritable "EDEN".

"The Price of Liberty is Having to Ask for Donations."

Dear Fellow Freedom Fighters,

Above are the two sides of an A5 leaflet that I am currently handing out, hoping to create awareness as to the reality of what has been going on for the last 122 years, ie: the deliberate and complete concealment of what being Proclaimed a Commonwealth means ... the reasons for which are painfully obvious when one wakes up to the oppressions and exploitation of the Australian people of all ethnic origins and the mind-boggling gouging out and selling off of Australia's natural riches. The British aristocracy have been pirates, profiteers and plunderers for many centuries. Oliver Cromwell tried to cut them down to size but, after having had England Declared a Commonwealth in 1649, that attempt at Democracy only lasted till 2 years after his death in 1658. Everywhere in the world, Independence and Liberty have never come cheap and requiring using the "4th Box" in the most bloody way.

Can't we learn those lessons of history and "*be on good terms with all persons*" because "*You are a child of the universe, no less than the trees and the stars; you have a right to be here*", etc.? The "3rd Box in Defence of Liberty" is the Jury Box and is the way to go!

JURIES R US and, in a fully functional Commonwealth, we can "*hold a government to the principles of its constitution*" and we can "*cause Law and Justice, in Mercy, to be executed in all (-)our judgements*".

Because "*people don't know how to govern themselves*" we must "*educate them*". Educating an entire population takes \$\$\$\$\$ and more \$\$\$\$\$. Over the years I have tried to get responses out of the so-called philanthropists for this "*just cause*" with nothing to show..... but "*Never say die!*" I've asked my web-hosting people in Adelaide to put a "Donate" feature onto juriesrus.com.au and hope that might net some \$\$\$\$.

Anyway, a Merry Christmas to all!

Yours sincerely,

John Wilson.
